1. Introduction

- 1.1 Worcester City Council has a statutory responsibility to make available any information it has collected for monitoring purposes as soon as possible after the information becomes available¹. This report provides information on the supply of retail floor space in Worcester for the period 1st April 2019 – 31st March 2020, forming part of the City Council’s annual monitoring programme.
- 1.2 Retail floor space can be created or lost as a result of redevelopment or the change of use of existing floor space. This report seeks to record all changes to retail floor space within the City during the monitoring period. The monitor also documents the possible future supply of new retail development and reports the progress in the implementation of previously approved schemes.
- 1.3 The Government sets out its view of how planning should deliver economic growth in the National Planning Policy Framework (NPPF). This requires the planning system to contribute to the building of a strong, responsive and competitive economy, by ensuring that sufficient land of the right type and in the right locations is available to allow growth and innovation. This applies to all parts of the economy including the retail sector.

2 Background

- 2.1 The purpose of this monitoring report is to consider what progress has been made each year in the delivery of development proposed by the South Worcestershire Development Plan (SWDP) and what other changes have occurred in the use of retail floor space that might inform the delivery of this plan or future plans. It can also be used to assess the effectiveness of retail policies, SWDP 9 and SWDP 10, in maintaining the vitality and variety of existing retail centres identified in the plan.
- 2.2 This report is generally only concerned with those retail units that are within shopping centres or retail frontages that are defined on the SWDP Policies Map.

¹ Paragraph 7, Part 8, The Town and Country Planning (Local Planning (England) Regulations 2012

Retail units in locations such as Blackpole and Elgar Retail Parks and corner shops which are not part of these shopping centres are not included within this monitoring report. The exception to this is St Martin's Quarter, where a summary of this area has been included under table 3.

- 2.3 Retail policies within the SWDP and the NPPF are relevant to the consideration of the changes reported in this Retail Monitor.

South Worcestershire Development Plan (SWDP)

- 2.4 The SWDP contains two policies that seek to ensure that Worcester retains a strong retail function to serve both local communities and the whole population of South Worcestershire. In addition to these SWDP 3 sets targets for the provision of additional retail floor space over the plan period. New retail floor space in South Worcestershire should be principally focused within Worcester City Centre where the related evidence suggests an additional 26,726 square metres of comparison retail floor space will be required before 2030. Over 8,000 square metres of this requirement has already been provided at St Martins Quarter. A review of the SWDP is currently being undertaken which will extend the plan period to 2041. Updated evidence relating to retail floorspace will form part of the review.
- 2.5 Policy SWDP 9 seeks to provide a basis to consider proposals for new retail floor space and ensure that any such proposals support the vitality of existing centres.

SWDP 9 states:

- A. New retail, leisure and tourism development that contributes to achieving a high-quality sustainable network of urban and rural settlements will be promoted and supported. Retail and other town centre development should be of a scale appropriate to its location.*
- B. Measures to secure the vitality and viability of the City Centre and Town Centres as defined on the Policies Map (Worcester, Droitwich Spa, Evesham, Great Malvern, Pershore, Tenbury Wells and Upton-upon-Severn) will be set out in Supplementary Planning Documents, Neighbourhood Plans and Local*

Development Orders as appropriate. These measures will include environmental enhancements and activities that seek to improve the visitor experience.

C. Proposals for retail or leisure facilities within the City Centre and Town Centres will need to demonstrate that they are:

- i. Contributing to a comfortable, safe, attractive and accessible environment.*
- ii. Making full use of the premises, avoiding vacant floors over shops and providing a separate entrance for office or residential use of upper floors, where they are within the reasonable control of the applicant.*

D. Development proposals linked to the evening and night time economy will be supported provided they:

- i. Do not result in a clustering of dead frontages during the daytime;*
- ii. Do not, on their own, or cumulatively, result in an unacceptable impact on neighbouring uses by reason of disturbance, traffic or safety;*
- iii. Do not, on their own, or cumulatively, result in an inappropriate balance of uses.*

2.6 Policy SWDP 10 sets a South Worcestershire threshold for the application of the NPPF impact test for new retail floor space and sets criteria for the consideration of applications for non-A1 retail uses in the existing shopping centres within South Worcestershire.

SWDP 10 States:

A. Retail and leisure development that is appropriate in location and scale, having regard to the hierarchy of centres set out in Table 5 below, will be supported.

B. Any retail or leisure development proposal of over 1,000 square metres net that is located outside the defined centres listed in Table 5 below must be accompanied by a Retail Impact Assessment.

C. Planning permission for retail and leisure development outside the centres listed in Table 5 below will not be granted unless the applicant has demonstrated that:

- i. The sequential test set out in paragraph 24 of the Framework, or any subsequent amended test in national planning policy for the consideration of retail and leisure development, has been satisfied.*
- ii. The scale of development is appropriate to the location. The development would have no significant adverse impact on the vitality and viability of a centre.*
- iv. Access by all travel modes and particularly bus, cycle and walking is convenient and safe, taking into account any improvements provided by the development.*

D. Within the Primary Shopping Frontages, as shown on the Policies Map, change of use from retail (use class A1) or the extension of existing non-A1 uses into adjoining A1 premises at ground floor level will not be permitted.

E. Within the Secondary Shopping Frontages, as shown on the Policies Map, change of use from retail (use class A1) to non-retail uses in classes A2, A3, A4, A5, D1, D2 will be permitted provided:

- i. The proposed use will not result in a continuous frontage of two or more non-A1 retail units (units are defined as a shop front width of about 6 metres; larger units will be assessed in terms of unit length).*
- ii. A minimum of 50% of units in each defined Secondary Shopping Frontage are retained in A1 retail use.*
- iii. The proposed use will not result in the proportion of units in the street (or part of the street defined as a secondary shopping frontage) in A3, A4 and A5 use exceeding 30%.*
- iv. A shop window will be retained at all times.*
- v. The proposal would not preclude the full use of the premises, avoiding vacant floors over ground floor uses and providing a separate entrance for office,*

leisure or residential use of upper floors, where they are within the reasonable control of the applicant.

vi. Ground floor residential uses do not form part of the proposal.

F. The following Shopping Centres are shown on the Policies Map:

Table 5 – Town, District, Local and Neighbourhood centres

<i>City and Town Centres</i>	Worcester , Great Malvern, Droitwich Spa, Evesham, Pershore, Upton-upon-Severn, Tenbury Wells
<i>District Centres</i>	Barnards Green, Malvern Link, Broadway, St John’s
<i>Local Centres</i>	Fairfield, Westlands, Witton, Fulbert Road, Ankerage Green, Barbourne, Cranham Drive, St Peter’s
<i>Neighbourhood Centres</i>	Cheltenham Road, Shrubbery Road, Ambleside Drive, Bath Road, Brickfields, Brindley Road, Canada Way, Derwent Close, Dines Green, Kilbury Drive, London Road, Monarch Drive, Northwick, Rainbow Hill

G. Within the centres listed in Table 5 above, the conversion of retail floor space outside the Primary and Secondary Shopping Frontages to alternative uses not providing a retail or commercial service will not be permitted unless the equivalent replacement floorspace is provided as part of the development proposal.

H. Within the district and local centres listed in Table 5 above, in order to preserve the variety and vitality of local shopping opportunities, the change of use of premises outside the Primary and Secondary Shopping Frontages from A1 to A2, A3, A5, D1 or D2 uses will not be permitted:

- i. where it would result in two or more non-A1 retail units in a row; or*
- ii. where it would result in less than 50% of all units within the centre being in A1 use.*

I. The change of use of village, neighbourhood and corner shops to non-retailing uses will only be permitted if there is an alternative equivalent facility within safe walking distance or evidence is presented that the premises are no longer viable for any retail or community use.

- J. Planning permission for new village and neighbourhood shops will be granted provided they are of an appropriate scale and it can be demonstrated that they will not have a significant adverse impact on the vitality or viability of any local centre.*
- K. New or expanded farm shops, garden centres or petrol filling stations will be permitted provided:*
- i. They would not have a significant adverse impact on the viability or vitality of any defined centre or other local shopping facilities.*
 - ii. In the case of farm shops, the proposal would make use of redundant or under-used buildings and the range of goods to be sold is restricted to foodstuffs, plants and rural craft products produced locally.*
 - iii. In the case of garden centres, the site is accessible by walking, cycling and public transport.*
- L. The creation of new, or extensions to existing, garden centres or farm shops in the open countryside and unrelated to a settlement will only be permitted if the proposed development is ancillary to, and on the site of, an existing horticultural business or existing farming operation.*

National Planning Policy Framework (NPPF)

- 2.7 The NPPF contains a section 'ensuring the vitality of town centres' and another section 'promoting healthy and safe communities' which have particular significance for the application of retail policies within the SWDP. The NPPF requires local planning authorities to support the role that town centres play at the heart of local communities, by taking a positive approach to their growth including through the allocation of sites for the main town centre uses, e.g. shops, offices and entertainment. The sequential and impact tests are the main planning tool to ensure development enhances rather than undermines existing centres. Vitality and viability are seen nationally as the essential elements of successful retail centres. The NPPF section promoting healthy communities

requires local planning policies and decisions to promote strong neighbourhood centres and guard against the loss of valued facilities and services.

- 2.8 Many changes to the way retail premises are used do not require a specific planning application. These changes are permitted development and to ensure the City Council is aware of all changes that affect the retail offer and facilities within the city, every shopping centre within the city is surveyed at least annually. See schedules 1 to 5 for the results of the latest surveys.
- 2.9 The principal retail use classes are:
- A1: General sale of goods to visiting members of the public,
 - A2: Banks and other services to visiting members of the public,
 - A3: Cafés and restaurants, consumption of hot food on the premises,
 - A4: Pubs and other drinking establishments,
 - A5: The provision of hot food for consumption off the premises to visiting members of the public.
- 2.10 The principal permitted development rights for the change of use of retail premises are listed below. Many of these require a developer to apply for a determination as to whether prior approval is necessary. Prior approval allows the local planning authority to seek a prior approval application in certain circumstances and to consider a limited range of matters, e.g. where the proposed change is likely to result in a severe highway impact. An applicant can appeal the decision of a local planning authority to require a prior approval application or the refusal of a prior approval application.

Table 1: Permitted Development for Retail Premises (temporary changes of use are not included in the table)²

Approved Use	Permitted Change	Conditions/Limitations
A1 (shops)	To A2, A3, B1(a), C3 or D2	<ul style="list-style-type: none"> • A2 • A3 up to 150m² and subject to Prior Approval • B1(a) up to 500m² and subject to Prior Approval • C3 up to 150m² and subject to Prior Approval • D2 up to 200m² and subject to Prior Approval and only if the premises was in A1 use on 5th December 2013 • A mixed use comprising an A1 or A2 use and up to two flats may also be permitted subject to meeting certain conditions
A2 (professional and financial services)	To A1, A3, B1(a), C3 or D2	<ul style="list-style-type: none"> • A1 • A3 up to 150m² and subject to Prior Approval • B1(a) up to 500m² and subject to Prior Approval • C3 up to 150m² and subject to Prior Approval • D2 subject to Prior Approval and only if the premises was in A2 use on 5th December 2013 • A mixed use comprising an A1 or A2 use and up to two flats may also be permitted subject to meeting certain conditions

² The Use Classes Order and the associated permitted changes of use will be revised on 1st September 2020. The Use Classes in Table 1 remain applicable for the purposes of this monitoring report.

A3 (restaurants and cafes)	To A1 or A2	<ul style="list-style-type: none"> • A1 or A2
A4 (drinking establishments)	To A4 with A3,	<ul style="list-style-type: none"> • A4 (drinking establishment) with A3 (restaurants and cafes)
A4 (drinking establishment) with A3 (restaurants and cafes)	A4	<ul style="list-style-type: none"> • A4 (drinking establishments)
A5 (hot food takeaways)	To A1, A2, A3, B1(a) or C3	<ul style="list-style-type: none"> • A1 or A2 or A3 • B1(a) up to 500m² and subject to Prior Approval • C3 up to 150m² and subject to Prior Approval
Amusement Arcade (Sui Generis)	To C3	<ul style="list-style-type: none"> • C3 up to 150m² and subject to Prior Approval
Casino (Sui Generis)	To A3, C3 or D2	<ul style="list-style-type: none"> • A3 only if existing building is under 150m² and subject to Prior Approval • C3 up to 150m² and subject to Prior Approval. • D2
Betting Offices and Pay Day Loan Shops (Sui Generis)	To A1, A2, A3, B1(a), C3 or D2	<ul style="list-style-type: none"> • A1 • A2 • A3 up to 150m² and subject to Prior Approval • B1(a) up to 500m² and subject to Prior Approval • C3 up to 150m² and subject to Prior Approval • A mixed use comprising a betting office or a pay day loan shop, or an A1 or A2 use and up to two flats may also be permitted subject to meeting certain conditions.

		<ul style="list-style-type: none"> • D2 up to 200m² and subject to Prior Approval
Launderette (Sui Generis)	To B1(a) or C3	<ul style="list-style-type: none"> • B1(a) up to 500m² and subject to Prior Approval • C3 up to 150m² and subject to Prior Approval

For the latest information relating to the Use Classes Order and Permitted Development Rights, please refer to the [Planning Portal website](#).

2.11 It is also permitted development to convert retail premises into up to two flats providing a retail element is retained. Any flats created via this permitted development right can also be changed back to retail use as permitted development.

2.12 Permitted development rights do not remove the need for listed building, conservation area or advertising consent which will apply to many proposed changes to premises within Worcester's retail centres.

3 Retail Development in 2019/20

3.1 Position at 31st March 2020

3.1.1 According to the Valuation Office Agency (VOA)³ as at 31st March 2020, the total floorspace of the retail sector in Worcester City is approximately 272,000 square metres. The VOA report states that this figure only includes the sectors 'shops' and 'financial and professional services'. In 2019/20, six new developments⁴ gained planning permission, including three new build/redevelopments⁵ and three changes of use⁶ (two of which were located within a designated retail centre), giving an additional gross 1,305 square metres of new retail floor space when developed (excludes changes of use). Two new build completions in 2019/20 featured a 'loss' of 1,037 square metres floorspace (net) to alternative uses.⁷

3.2 Site Allocations

3.2.1 The SWDP allocates 3 sites to accommodate an anticipated need for 26,726 square metres of additional retail floor space between 2006 and 2030 within Worcester, 16,061 square metres has already been completed principally at St Martin's Quarter and there is a further 4,088 square metres of consented floor space that could in theory be built out. It is unlikely however that much of this consented floor space will come forward as planned as it is the remaining unimplemented elements of development approved before the global financial crash in 2007. Table 2 below summarises the status of the SWDP retail site allocations in Worcester City.

³ Non-domestic rating: stock of properties including business floorspace, 2020

⁴ P18D0503 (27 Friar Street); P18N0527 (Unit E Elgar Business Park); P18H0280 (112-118 and 155-161 Rose Avenue); 19/00115/FUL (Land adj to 18-20 Silver Street); 19/00057 (The Arches, Croft Walk) and 19/00617 (Unit 2, Martley Road).

⁵ P18N0527 (Unit E Elgar Business Park); P18H0280 (112-118 and 155-161 Rose Avenue) and 19/00115/FUL (Land adj. to 18-20 Silver Street).

⁶ P18D503 (27 Friar Street); 19/0057 (The Arches, Croft Walk) and 19/00617 (Unit 2 Martley Road).

⁷ P17D0502 (9 Sansome Street) – vacant (A4) to A3, P17K0500 (Coppertops, Oldbury Road) – vacant (A4) to C2.

3.2.2 Table 2: Worcester City SWDP Retail Site Allocations

Policy Reference	Site Location	Site area (ha)	Status
SWDP 44/1	Cathedral Square: To allow for redevelopment, refurbishment, expansion of the existing shopping centre. To provide greater connectivity with the Cathedral. Protect and enhance the setting of Worcester Cathedral and neighbouring listed buildings.	1.23	Completed
SWDP 44/2	Fire Station / Crown Gate / Angel Place / The Butts: To allow for redevelopment, refurbishment, expansion of the existing shopping centre. To provide greater connectivity with the rest of the city centre, the riverside and the University Campus.	2.85	Partially implemented
SWDP 44/3	Trinity House / Cornmarket: To allow for redevelopment for retail and other uses with the creation of an important open space, giving improved connections to St Martin's Quarter and Shrub Hill Station.	0.98	Unimplemented

3.2.3 The Cathedral Square development (SWDP 44/1) opened in 2017/18 and while this is a welcome development this scheme replaced long vacant A1 and hotel floor space with an equivalent amount of A3, A4 and D2 floor space.

3.2.4 In relation to Angel Place / Crown Gate / The Butts / Fire Station (SWDP 44/2), a public realm refurbishment scheme was implemented in 2014 and a new market format and operator have rejuvenated the street market in this location. Crown Gate shopping centre has had significant improvements carried out to its facade during 2019.

3.3 New Build

3.3.1 Major retail development is a fairly uncommon form of development with many town centres trading highly successfully for several decades without any major additional floor space being added to the total stock of floor space. The most recent significant growth in retail floor space within the city is St Martin's

Quarter, where approximately 15,000 square metres of retail space and 2,000 square metres of leisure space was developed in 2011/12 on an edge of centre site. St. Martin's Quarter does not currently form part of the shopping centres or retail frontages as defined on the SWDP Policies Map or set out in schedules 1 to 5, but a summary of this area has been included in table 3 below.

3.3.2 Table 3: St. Martin's Quarter – Summary of Units

Property	Occupier	Use	Floorspace (sq. m)
3	Sports Direct	A1	648 (Ground Floor) 892 (1 st Floor)
4A	Avant Garde	A1	95
4B	Barnardo's	A1	86
5	VACANT	A1	TBC
6	Costa	A1	149
7A/B	Poundstretcher	A1	626 (Ground Floor) 626 (1 st Floor)
7C	VACANT	A1	309 (Ground Floor) 300 (1 st Floor)
7D	Ladbrokes	Sui Generis	96 (Ground Floor) 113 (1 st Floor)
10	B & M	A1	1,759
11	Pure Gym	D2	1,768
17	VACANT (Leisure Opportunity)	D2	1,378
19	ASDA	A1	7,068 (Ground Floor) 1,030 (1 st Floor)
20	Food Plus Worcester Ltd.	A1	149

3.3.3 There have been zero planning applications approved⁸ for new build development within Worcester City Centre (as defined on the SWDP Policies Map) in 2019/20. There are currently three new build/redevelopment

⁸ 19/00115/FUL (Land adj to 18-20 Silver Street) is located just beyond the current boundary.

permissions within Worcester City totalling 1,305 square metres (gross)⁹ which could add to the total stock of retail floorspace¹⁰.

3.4 Change of Use

3.4.1 In 2019/20 12 shop units¹¹ changed use class:

- 3 Units became A1 from another use;
- 2 Units became A2 from another use;
- 2 Units became A3 from another use;
- 1 Units became B1 from another use;
- 2 Units became D2 from another use; and
- 2 Units became SG from another use.

3.4.2 On the 31st March 2020 there were 8¹² unimplemented consents to change the use of retail units: 4 from A1 to another use and 1 from another use to A1, 1 C1 extension, and 1 A1 increase.

3.5 Vacant Premises

3.5.1 The annual retail survey shows that there are 141¹³ retail units currently unoccupied. This is 14.46% of all retail units and is above the national vacancy rate of 11% for June 2019. 94 of the 141 vacant units have been vacant for more than one year; this is 9.6% of all units surveyed, an increase on the 84 units that had been vacant for over a year recorded in 2018/19.

⁹ P18N0527 (Unit E Elgar Business Park); P18H0280 (112-118 and 155-161 Rose Avenue) and 19/00115/FUL (Land adj. to 18-20 Silver Street).

¹⁰ 5,393 sq. m if theoretical floorspace is also included (6,786 sq. m in 2018/19, 7,088 sq. m in 2017/18 and 7,633 sq. m in 2016/17).

¹¹ 19 in 2018/19, 22 in 2017/18 and 10 in 2016/17

¹² 7 in 2018/19, 11 in 2017/18 and 9 in 2016/17

¹³ 129 in 2018/19, 128 in 2017/18 and 112 in 2016/17

3.5.2 Table 4: Change in Retail Vacancies

	Number of Vacant Units			
	2017	2018	2019	2020
Worcester City Centre	62	77	70	87
St John's District Centre	11	11	13	11
Approach Corridors	21	19	22	20
Local Shopping Centres	3	4	4	3
Neighbourhood Shopping Centres	15	17	18	20
Total Vacant Retail Units				
	112	128	127	141
Total Retail Units				
	949	954	954	975

3.6 Limitations

3.6.1 While City Council officers can monitor planning applications and physical changes to retail premises in the city, there are other indicators of the health of retail centres such as rental values, yield, turnover and footfall. Furthermore, despite best efforts, due to the current Covid-19 pandemic it means that not all areas could be surveyed by officers. There are a number of organisations which collect this additional information, but the City Council does not currently subscribe to their services. This report has therefore been unable to include this information or provide any comparison with other retail centres whose catchment area includes Worcester, e.g. Merry Hill and Cheltenham. However, retail-related evidence base of the SWDP Review ([Retail and Town Centres Study](#)) provides an update for 2019 in terms of the performance of South Worcestershire's centres with other comparable and competing centres.

3.7 Convenience Stores

3.7.1 In recent years there has been a significant growth in local convenience shopping which has supplemented, and in some households, replaced the weekly shop to a large out of centre supermarket. This change in shopping habits has been matched by a significant growth in smaller format convenience

stores operated by the main supermarket brands. The range and quality of goods offered by the major supermarket operators in these local stores has accelerated the decline of independent food shops in local and neighbourhood shopping centres. Table 5 below lists the main convenience stores within the city. The trading areas of the convenience stores operated by the major supermarkets in the city are generally slightly larger than the floor areas of a typical store operated by the 'big four' supermarket chains¹⁴.

Table 5 Convenience stores operated by the major supermarkets

Location	Operator	Floor Area (sq. m)
8-10 Foregate Street	Tesco	400
1 Brindley Road	Tesco	295
London Road	Tesco	290
24-28 Martley Road	Tesco	291
5 Foregate Street	Sainsbury	420
46-48 Barbourne Road	Sainsbury	351
197 Bath Road	Co-op	204
46 Ombersley Road	Co-op	894
53 Gresham Road	Co-op	397
29 Ambleside Drive	Co-op	374
99 Henwick Road	Co-op	197
21 Lichfield Avenue	Co-op	309
387 Ombersley Road	Co-op	151
63-65 Canada Way	Co-op	399
Barker Street	Co-op	317
Horn Hill Road	Budgens	425
Total Floor Space		5,714

3.8 Charity Shops

3.8.1 In previous years there has been concern at the growth in the number of charity shops opening within retail centres but there is no evidence that the number of charity shops has any impact on the footfall figures for centres where this information is collected. There are 28 charity shops in centres and retail frontages covered by this monitoring report, 13 in the City Centre, 6 in St John's District Centre, 1 in a Local Shopping Centre, 4 in Neighbourhood Shopping Centres and 4 in the City Centre Approach Corridors. There are other

¹⁴ Tesco, Asda, Sainsbury's, Morrison's

stores trading in second-hand goods such as CEX and Cash Converters that are not included in the above figures.

4. Conclusions

- 4.1 This is the fourth annual City of Worcester retail monitoring report since the adoption of the SWDP in 2016. From reviewing the past three monitoring reports and the evidence found in this current monitoring year, the data indicates that there has been a trend of increased vacancy rates, with Worcester's combined retail centre vacancy rate now standing at 14.34% (13.3% in 2019). This indicates that Worcester is now marginally above the national vacancy rate of 11% (June 2019)¹⁵. Some of the units are being refurbished and a few are long term vacancies not currently being marketed.
- 4.2 This is the second consecutive year where the gap between the level of retail vacancies in the city and the national average vacancy rate has widened. It is currently unknown how the current Covid-19 pandemic will impact upon retailing and the high street in future years, but the likelihood is that a large number of businesses will be affected by it, on top of competing against online sales. However, the main trend that is now becoming noticeable from four monitoring periods is an increase in the percentage of vacant units and those which have been vacant for longer than one year. The fallout from the pandemic may add further to this issue.
- 4.3 In the past three years Worcester has seen a growth in personal care retailing, barbers (A1) and nail bars and tanning studios (SG), which are reported as growth sectors nationally. It is not known if Worcester has yet to reach the limit of café, coffee shop and takeaway uses but some units last used for these purposes are currently vacant.
- 4.4 As at 31st March 2020 there was approximately 5,393 square metres (net) of additional floor space consented (excludes changes of use) but much of this (4,088 sq. m) relates to outstanding floor space within part implemented schemes and this may never be built out. Two new build completions in 2019/20 featured a 'loss' of 1,037 square metres floorspace (net) to alternative

¹⁵ White Young Green – Retail Consultants.

uses.¹⁶ 12 retail units changed use within the City in 2019/20 (compared to 19 units in 2018/19). There were a further 8 approved but unimplemented retail changes of use at the end of March 2020. Over the past four years it appears that the pace of change has slowed.4.5 Schedules 1 to 5 below set out the retail monitoring statistics for Worcester City's shopping areas. Schedule 6 provides a list of retail related planning applications for 2019/20.

¹⁶ P17D0502 (9 Sansome Street) – vacant (A4) to A3, P17K0500 (Coppertops, Oldbury Road) – vacant (A4) to C2.

Schedule One: City Centre Central Shopping Area

There are 522 separate ground floor premises within the City Centre (501 in 2019 and 500 in 2018). Four first floor premises have also been included at the Cathedral Square development for 2019/20 monitoring. A significant number of units have a street frontage to more than one street but for the purposes of this monitor each shop or other use is counted once regardless of the size, or length of street frontage, of the unit.

Between April 2019 and March 2020 no units were lost as a result of an amalgamation with adjacent units. One unit, (now 31 and 33 College Street) has been subdivided to create individual premises.

In April 2020 there were 86 vacant retail units within the City Centre¹⁷ with 58 of these units being vacant for more than one year¹⁸. 21 vacant units were re-occupied during 2019/20¹⁹ and 23 units became vacant²⁰. See tables 6 and 7 below for a full breakdown of the number and uses of units.

Within the primary retail frontages, which features 209 out of 522 of the total units in the city centre, no units changed use between April 2019 and March 2020 which is a continuation from the previous monitoring period²¹.

Since April 2013 twelve units in the Primary Retail Frontages have changed use:

- Two units from A1 to A2;
- Six units from A1 to A3;
- One unit from A1 to A4 unauthorised (Hop Lords 7 Pump Street);
- One unit from A2 to A3; and
- One unit from A1 to D1 and back to A1 (97a High Street).

During this monitoring period no primary frontages have changed use. However, beyond the primary retail frontages four units changed use during 2019/20 in the city centre:

- One unit from A1 to A3;
- Two units from A1 to D1; and
- One unit from A1 to A2

¹⁷ 68 vacant in December 2019, 69 vacant in September 2019 and 71 vacant in May 2019

¹⁸ 51 in June 2019, 41 in June 2018 and 44 in March 2017

¹⁹ 26 in 2018/19, 19 in 2017/18 and 17 in 2016/17

²⁰ 20 in 2018/19, 32 in 2017/18 and 18 in 2016/17

²¹ 0 in 2018/19, 5 in 2017/18 and 0 in 2016/17

Schedule Three: Local Shopping Centres

Within the four Local Shopping Centres (Ankerage Green, Barbourne, Cranham Drive and St Peter's) there are 66 retail units.

In April 2020 there were three vacant retail units in the Neighbourhood Shopping Centres (one less than in July 2019) and two of these units had been vacant for more than one year, (one less than in July 2019). One vacant unit was reoccupied, one unit became vacant and no units changed use during 2019/20.

See tables 10 to 11 below for a full breakdown of the number and uses of units.

Table 10: Local Shopping Centres Ground Floor Uses Summary.

Number of Retail Units	66

Schedule Five: City Centre Approach Corridors

The City Centre approach corridors are Lowesmoor, Sidbury and The Tything/Upper Tything. The approach corridors include two properties in Bath Road and five properties in Barbourne Road. There are retail premises beyond the areas included in the Approach corridors, such as The Foregate and Foregate Street. These retail units are not within areas identified on the SWDP Policies Map and for this reason they have not be included in this monitor which is primarily concerned with the effects and effectiveness of adopted planning policy.

There are 165 separate ground floor premises within the City Centre Approach Corridors.

In June 2019 there were 22 vacant retail units within the City Centre approach corridors and 13 of these units had been vacant for more than one year. Five vacant units were reoccupied during 2018/19 and 9 units became vacant. See tables 14 and 15 below for a full breakdown of the number and uses of units.

Glossary

Appropriate Scale	A size which is similar to neighbouring development and development in the nearest retail centre.
Commercial Service	Any service which can be purchased by visiting a shop, e.g. financial services, holidays and personal services such as nail bars.
Comparison Retail	The sale of goods that can be used more than once, e.g. clothing, furniture & electrical appliances.
Dead Frontages	Any retail or other premises that are not open during all or part of the day.
Footfall	The number of pedestrians who pass retail premises.
Impact Test	A test to assess the consequence of new retail premises on financial viability of existing shops.
Major Retail Development	A development that involves more than 1,000 square metres of retail floor space.
Permitted Development	Development that the Government has decided does not need a planning application before it can be implemented.
Sequential Test	A test to assess if there is a more suitable site for a proposed retail development within or closer to an existing retail centre.
Significant Adverse Impact	Any consequence of allowing a development which would threaten the continued success of existing shops or shopping centres.
Travel Modes	The ways people can travel, e.g. by car, by bus, on a bike or walking.
Turnover	The amount of money a shop collects from customers.
Vitality	A combination of factors used to assess a shopping centre, e.g. range of shops and services, footfall and turnover.
Yield	The ratio of income to investment.
